

***The Provincial Network Human Resources Committee  
and the Ministry of Community and Social Services  
Presents a Special Forum***

**Creating a Human Resource Strategy for the  
Developmental Services Sector**

The Ministry of Community and Social Services and the Human Resources Committee of the Provincial Network will be co-hosting a forum on March 3 and 4 in Toronto to launch a new HR Strategy for the Developmental Services Sector and to get input from the sector. At the same time, the HR Steering Committee will be looking for input and candidates to participate on the various sub committees as members and chairs. This will be a very important event so we encourage all Executive Directors, Board members and any HR staff who may be able to play a role or provide input in this work to attend.

This event is open to any member of the Provincial Network members (Community Living Ontario, OASIS, Great Lakes Society, MARC, Faith and Culture Network), representatives from the Expert Panel on Training and the Ministry of Community and Social Services.
