

Dear OASIS Member:

Re: Recruitment for the Board of Directors 2022/2023

OASIS has begun the process of shifting from a volunteer resourced and run organisation to a CEO/staffed resourced corporation. This process is being overseen by our project manager, Joe McReynolds of McReynolds and Associates in conjunction with **TNG Consulting Group**.

As part of this process, OASIS will transition to a full-time CEO. This means that the agenda and operations of the Board Directors will be changing. There will be much less focus on daily operations allowing more time on long-term planning, resource allocation, monitoring the performance of the new CEO, identifying possible risks moving forward and ensuring compliance with all legislative requirements.

It is an exciting time for OASIS and over the next few years, the Board of Directors will drive the changes to make OASIS an even more effective vehicle for its member agencies.

There are several positions available on the Board moving into next year – and we are looking for a variety of individuals who are currently managing the activities of member organisations, as well as those who are external to management who have an understanding of the sector and the skills and experience to be strong Directors.

A Recruitment Working Group has developed a matrix to identify key areas of expertise and experience needed to help further strengthen the Board. These include:

- Financial expertise;
- Political Acuity;
- Public Relations knowledge;
- Communications experience; and
- Diversity

If you are interested in joining the OASIS Board of Directors at this exciting time, please send a brief covering note outlining why you are interested and short CV or resume to the Recruitment Working Group. In addition, if you are from a Member Agency, please complete and submit the attached Nomination Form. Only those applying from a Member Agency needs to complete the attached form.

For your information and according to OASIS by-laws:

- Nominations will not be accepted from the floor at the AGM.

Applications should be emailed to President Geoff McMullen at president@oasisonline.ca and copied to the Project Manager at joem18@rogers.com and the Executive Coordinator at executivecoordinator@oasisonline.ca .

The completed nomination form (attached) with appropriate supporting documentation must be returned by **Midnight of Wednesday, 3rd August 2022.**

Should you require any further clarification, please email our Executive Coordinator at executivecoordinator@oasisonline.ca

Thank you, I look forward to receiving the applications and seeing what the future will bring for OASIS.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. McMullen', written in a cursive style.

Geoff McMullen
President, OASIS
