

Video Monitoring - Goals

- Standardize provider and system
- Create guidelines/policy
- Ensure rights of individuals and staff are respected and in accordance with privacy legislation
- Minimize use

Video Monitoring: Implementation

- Self contained
- Only in common areas
- Must be clearly signed with contact information of privacy officer
- Security Levels: Monitor, Review, Export

Video Monitoring: Implementation

- Access beyond 'monitor' needs approval and is logged
- Exceptions approved by Rights and Ethics Committee
- Explore/exhaust other options first!

Internet for Individuals

- Originally literacy and social recreation programs
- Pressure to provision in homes
 - ABA Program – iPads
 - Younger individuals
 - Families
- Concern with cost and liability

Internet for Individuals

- Adult v Children
 - Children – Web filtering, adult content restrictions, supervision, informed consent from family
 - Adults – Sign an internet use policy, same content restrictions as corporate network
